

KMS Datasystems provides reliable **ORACLE and Microsoft SQL Server Database Consulting** and related services to mid-sized and large corporations and all levels of government. We also provide remote DBA support across Canada and the USA via high-speed Internet. KMS offers **ORACLE and Microsoft Certified Professionals** (OCP, MCP), with a proven track record of over 25 years of ORACLE and SQL Server experience. Not only do we offer the highest quality of service to our clients, but as independent database consultants, we offer exceptional value.
